

#21 Kyle Fuchs played tackle football for the Chula Vista Aztecs. He was the ideal kid that every coach wanted. He took Football very seriously and it showed on the field. He played every position you asked him to. The only time Kyle came off the field was to get water. There were times he would tell me what plays to run and it would work. No matter how many times he scored or stopped the opposing team, he always stayed humble. I would have to tell Kyle "smile you just scored". Kyle would give me a smile and then brush it off. Kyle carried our team many times on his shoulder and it is because of him we won many of our games. Kyle was a man among boys. Kyle, your team loves you and we will never forget you. Kyle as your head Coach I ask you to smile one last time because you have scored another Touch Down. You are now in God's kingdom. May you rest in peace Kyle.

Love always, Head Coach Caesar Esparza

KYLE FUCHS

On June 21st, 2011 Kyle Fuchs #21, a member of our Chula Vista Aztecs family was tragically taken from us. Kyle was a great kid, a great friend, a wonderful teammate most importantly he was family. Kyle would stand among his teammates, laughing, smiling, never saying much, but when Kyle spoke, his team would stop to listen, they all respected him. Kyle was an outstanding athlete; his passion for the game of football was proven over and over again on the field. Though Kyle was a quite kid, when he stepped foot on the football field and put on his helmet, he transformed to an unstoppable force, scoring, blocking and winning games, there was nothing shy about him on the field. Those of us who were lucky enough to know Kyle know that he is still scoring touchdowns and winning games on Heaven's team. Kyle you will forever be missed, but I am thankful that we were given the chance to have known you.

You will forever be in our hearts Kyle. Love team mom Becky Eguiza, Coach Raul & Eguiza Family
